Subject: Price Increase Notices

Regarding recent manufacturer tariff related announcements please see below.

- ASC Engineered Solutions has paused previously announced increases effective May 19th and June 2nd, 2025. Revised guidance will be offered in the future.
- Brecco has paused previously announced increases effective May 19th and June 2nd, 2025.
- Watts has advised they are reversing the May 12, 2025 price increase to price levels implemented on March 31, 2025 effective May 15, 2025.
- Zurn is suspending the previously announced May 15, 2025 increase and will be reevaluating pending further tariff related increases.
- Potter Electric Signal is delaying the 2% price increase that was to go into effect on May 15, 2025, and will continue to monitor the situation and will adjust pricing as needed with adequate notice.
- Nibco has rescinded the prior announcement effective April 15, 2025 and has revised to reflect the below increases effective May 16, 2025.
 - Fire Protection Valves – 4-6%
 - Bronze & Iron Strainers – 4-6%
 - Commercial & Industrial Bronze Ball Valves – 4%
 - Commercial & Industrial Butterfly Valves – 6%

We appreciate your business and look forward to serving you in the future.
